

The Underground Railway

Come and join The PROBUS Club of Orillia for this great talk by Ann Harrison, as she shares with us the amazing family history of her and her husband Ron.

Ron and Ann's families both came to Canada via the Underground Railway. Ann recalls the harrowing history of the great dangers of taking the underground railway.

You will be told of the great risk these brave people took to escape the horrible conditions of slavery, to become FREE!

Ann's talk comes highly recommended and this will be the last time she will be doing this presentation, so don't miss this chance!

Ron & Ann Harrison
